

LATE FOREIGN BUDGET.

Trials of Political Prisoners in Africa.

CUBAN FILIBUSTERS INDICTED.

Italian Troubles in Abyssinia—Wonders of the X Ray Discoveries—Cuban Resolution in Congress—Some Middle States Presidential Possibilities.

ROME, March 12.—The German Emperor will have an interview with General Lanza in order to arrange a meeting with King Humbert, who will accompany his ally from Genoa to Naples on board the yacht Hohenzollern.

Queen Margherita completely approves of the Ricotti-Rudini cabinet, and the proposal to take a safe middle course in regard to the war in Africa. She has promised to give the new ministry her most energetic support.

General Barateri is preparing a statement in which he will show that Crespo was largely responsible for the recent disaster in Abyssinia. The ex-premier, who desires to go abroad, is preparing a violent press campaign against Signor Rudini.

The new ministry will at once lay an important project relative to the African policy before the Chamber, in order that it may be discussed before the prorogation of Parliament.

A general amnesty for political offenses has been decided upon. General Ricotti, as Minister of War, has been warmly received by the army, as he means to complete the break with the dangerous policy pursued by Mocenni.

TO EXAMINE INTERIORS.
New Development in the X Ray Discovery.

WASHINGTON, March 13.—United States Consul General Dekay, of Berlin, has submitted to the State department an interesting report on later developments of the X rays, accompanied by a pamphlet in which Professor Röntgen, the discoverer, explains his researches. The consul general's report gives many facts that have been discovered in Europe by experimenters in regard to the rays which are unknown in this country.

One of the most important applications of the rays has been made surgically. By placing a subject to be examined before a screen faced with a mixture of barium, platinum and cyanium, and allowing the rays from a tube enclosed in a dark cloth to traverse the body, the impression can be seen by the eye on the screen, which is rendered fluorescent where the rays fall unintercepted upon it, and the surgeon is consequently enabled to view the subject freely before the screen and examine the interior of the body for foreign substances or hurtful growths and distorted bones.

WATCHING ITALY.
Russians Awake to the Possibilities of the Situation.

NEW YORK, March 13.—A dispatch from St. Petersburg says: Interest here is acute in the Italian situation. It is admitted that Napoleon himself could not have continued the war under present circumstances.

The Viennese seems to suspect the presence of the Austrian Minister to Berlin. It says that if Germany and Austria wish to intervene it will be a signal for those powers that do not approve of the course of Italy in Abyssinia. It says that there is no reason why Italy should not leave the hand course taken, and join the alliance which guarantees peace. The fetes in Nice should indicate to Italy the policy to follow.

CUBAN RESOLUTION.
Senator Hill Objects to the Purely Mercenary Motion.

WASHINGTON, March 13.—The Senate took up the concurrent resolution on Cuba. Mr. Hill opposed it on the ground that the expression was wholly mercenary. Intervention was simply to protect "legitimate interests." He was for higher grounds. Mr. Sherman urged the resolution, which at present cannot be amended. Sherman and others will press for a vote at the earliest moment. Hill will oppose till the resolutions are changed.

Rhode Island Democrats.
PROVIDENCE, R. I., March 13.—The Rhode Island Democratic convention today nominated the following candidates: Governor, George Littlefield; lieutenant governor, Augustus S. Miller; secretary of state, George L. Church; attorney general, George L. Brown; treasurer, John C. Perry.

The platform adopted does not touch upon the national issues. The convention to choose delegates to the National convention will be called after the State election on April 1.

Watching for the "Rio." SAN FRANCISCO, March 13.—There is still no news from the missing steamer Rio Janeiro. A dispatch from Victoria which stated that the Rio had been sighted near Yokohama by the Empress of India is not credited here. The men on the Empress were not sure that the vessel they saw was the Rio, and it is thought some other steamer was sighted. The steamship offices here are thronged with anxious inquirers for news of the vessel.

Americans in Transvaal. PRETORIA, March 13.—The trial of members of the Reform committee at Johannesburg, charged with conspiring against the government of the South African Republic, was resumed to-day.

Manager Standard of the Diggers' News testified that John Hays Hammond and John Barr, two of the prisoners, came to the office of that paper and urged that the editor be discharged on the ground that he had written articles tending to incite the populace.

Against Neutrality Laws. NEW YORK, March 11.—General Calixto Garcia, Captain Samuel Hughes, John D. Hart, Captain John Brabson, Bernard K. Bueno and Benjamin J. Guerraera, of the Bermuda expedition, were today indicted by the federal grand jury for taking part in an armed expedition, contrary to the neutrality laws.

Declare for McKinley. COLUMBUS, O., March 11.—The Republican State convention held today declared unanimously to support William McKinley for President. Asa Bushnell, J. B. Foraker, Charles Grosvenor and Marcus A. Hanna were elected delegates at large to the National convention.

Allison for President. DES MOINES, Iowa, March 13.—The Republican State convention held today instructed the delegates to the National Republican convention to support William B. Allison for the presidential nomination. The platform declares for sound money and Allison.

IN SEARCH OF OPIUM.

The Tug Eleu Goes Out On a Mission.

Strange Schooner Sighted—Seen at Waialua and Waianae—Tug Could Not Find Her.

"The tugboat is preparing for sea," was the startling information passed from mouth to mouth along the water front a little after 2:30 p. m. yesterday. Investigation proved this to be a fact. Provisions were hurried down to the Pacific Mall wharf, and before 3 o'clock the tugboat, with Port Surveyor Sanders and several custom house officers aboard, was steaming out toward Waialua.

The facts leading up to the hurried departure of the tugboat were as follows:

At 2:30 o'clock a telephone message was received at the custom house to the effect that a strange schooner making mysterious evolutions had been seen off Waialua, and the suspicion was that she was engaged in the opium trade.

Preparations were made immediately and the tug was dispatched as soon as possible.

Arriving at Waialua about dusk, the tug found nothing in the way of a vessel of any shape or description, and was forced to lay to off port.

A telephone message from Deputy Sheriff Sheldon of Waialua, received at this office about 9 o'clock, announced that no vessel had been seen off Waialua by him.

A telephone message from Waianae received a little later announced that a schooner had been seen hovering off port from 3 o'clock until sundown. She was headed from the direction of Waialua.

Up to a late hour last night nothing had been seen of the strange vessel. The tug returned to port about midnight after a fruitless opium search.

LAU CHANG TO RETURN.

C. Wynam Will Take His Place as Recruiting Agent.

C. Wynam has been appointed recruiting agent in China for the Hawaiian Sugar Planters' Association, vice Lau Chong, resigned, and who will return here.

Wynam is a very intelligent Chinaman and speaks English fluently. He has been engaged in business on Nuuanu street for a number of years and is a naturalized citizen of Hawaii. He is thoroughly familiar with the duties of the recruiting agent and knows well the class of men needed here. He will leave for China by the first steamer.

All last winter Mr. Geo. A. Mills, of Lebanon, Conn., was badly afflicted with rheumatism. At times it was so severe that he could not stand up straight, but was drawn over on one side. "I tried different remedies without receiving relief," he says, "until about six months ago I bought a bottle of Chamberlain's Pain Balm. After using it for three days my rheumatism was gone and has not returned since. For sale by all druggists and dealers. BENSON, SMITH & CO., Agents for H. I."

Sugar! Sugar! Sugar!

If Sugar is what you want use

FERTILIZER.

The Hawaiian Fertilizing Company has just received per "Helen Brewer"

PLUMBING, TIN, COPPER, AND SHEET IRON WORK.

Diamond Block, 75-79 King Street.

There is a Time

For everything. And NOW is the time to break up your ground for planting cane. Planters, after trying other kinds of breakers, have come back to the Hall Breakers as being the Best Kind in Use. We have sold a great many within a few weeks, but still have on hand a few 12, 14 and 15 inch. We also have a few more of the celebrated

Hall's Furrow Plows:

No plantation is fully equipped without one or more of these. We have in stock a few of the WHEEL WALKING SINGLE PLOWS. This is the best stirring plow ever introduced here, and has fairly revolutionized the cultivation on some of the Hilo and Kau plantations. TRY THEM!

Also, Hall's Steel SIDE HILL BREAKERS, for use on billy ground, and in use on many of the plantations in places where a steam plow or ordinary breaker will not work.

A number of years ago we introduced from Philadelphia the "Planet Jr. Horse Hoe," and have sold hundreds of them all over the Islands. It is one of the best cultivators ever used on a plantation. We are selling a great many now, and have a few left. Now is the time to use them. Constantly on hand all sizes of

Planet Jr. Horse Hoe.

Rice Plows, Harrows,
Buckeye Mowers,
And All Kinds of
Agricultural Implements.

The Aluminum Cane Knife

That we have this year introduced has had a wonderful success. We got entirely out, but have just received a new lot. Read this letter:

MANA, KAUAI, January 30, 1896.

MESSRS. E. O. HALL & SON, Honolulu.
DEAR SIRS:—Regarding the aluminum cane knives which you sold us some time ago, allow us to state that same have given us the utmost satisfaction, and we think them superior to any cane knife we have used. The knives are light and durable, and keep a very good edge. The handles are also a great improvement, and are well shaped for Japs. Our men always try to secure an aluminum knife in preference to others, which we think the very best recommendation. We remain,
Yours truly,
H. P. FAYE & CO.

We have received other letters just as commendatory.

The Tropic Oil

For Engine and Cylinder is meeting with great success. We thought we had enough to carry us through the season, but have got entirely out. We are expecting a new supply, however, any day, and can supply any orders that may come in, besides some now on our books for delivery. The "Tropic" is a Very High Grade Oil and has given perfect satisfaction where it is being used.

E. O. HALL & SON.
